

PIDX INTERNATIONAL 2021 SPONSORSHIP AGREEMENT FORM

PIDX International provides a global forum for delivering the process, information and technology standards that facilitates seamless, efficient digital business within the oil and gas industry and its trading community.

Events are held for experts to share the current state of the industry. We highlight successes and case studies on standards implementation and the development of future best practices. Agreeing to sponsor a PIDX event shows your organization is committed to creating a better, more sustainable industry where data transfer is uniform throughout.

To help expand our industry footprint, the PIDX Executive Committee voted in 2020 to make all virtual events free to attendees for the year 2021. PIDX offers sponsorship at its events to help cover the cost of running the events, we are a not-for-profit organization. The PIDX community requests your help to spread adoption of standards by sponsoring an event.
