---

- Conversations must be related to the published agenda and PIDX's mission, which is to provide a global forum for delivering the process, information and technology standards that facilitates seamless, efficient electronic business within the Oil and Gas Industry and its trading community.
  - Conversations should not include Members' prices, terms of commercial contracts, bids or similar competitively sensitive information. No conduct in restraint of trade or commerce is permitted.
  - All contributions made by Participants that are later incorporated into PIDX publications or standards are owned exclusively by PIDX.
  - If an attendee is uncertain about the legality of a particular topic, he or she should check with legal counsel, the Chair or PIDX staff. If an attendee brings up for discussion at a meeting a subject of doubtful legality, he should immediately be informed that the subject is not a proper one for discussion. In the absence of counsel, the Chair, PIDX staff, PIDX officers or any attendee who is aware of the legal implications of a discussion of the subject should halt the discussion. Should the discussion continue, despite protest, the Chair or PIDX staff should declare the meeting closed and all attendees should leave.
